

### What Else You Should Know

- A link to another account or a line of credit may be a less expensive option than an overdraft. A single larger overdraft will result in just one fee, as opposed to multiple smaller overdrafts. Good account management is the best way to avoid overdrafts. Use our mobile banking or Internet banking services to keep track of your balance. For additional financial education resources, please visit [www.mymoney.gov](http://www.mymoney.gov).
- The \$35 Nonsufficient Funds Fee is the same fee amount that is charged if a check is returned as unpaid. If multiple items overdraw your account on the same day, each item will be assessed an appropriate Nonsufficient Funds Fee or a Return Item Fee of \$35. All fees and charges will be included as part of the Overdraft Privilege limit amount. Your account may become overdrawn more than the Overdraft Privilege limit amount because of a fee.
- If an item is returned because the available balance in your account is not sufficient to cover the item and the item is presented for payment again, PyraMax Bank will charge a Return Item Fee each time it returns the item because it exceeds the available balance in your account. If, on representation of the item, the available balance in your account is sufficient to cover the item PyraMax Bank may pay the item, and, if payment causes an overdraft, charge a Nonsufficient Funds Fee.
- For both consumer and business accounts, there is no limit on the total Nonsufficient Funds Fees per day we will charge.
- We generally post items in the following order: Credits are processed first in time stamp order. Debits or withdrawals from your account are processed in the following order: Any checks cashed by our employees or that you have written to us; Electronic items submitted such as ATM withdrawals, ACH items, debit card transactions, preauthorized automatic transactions, or any other electronic transfer or debit in time stamp order; other checks presented for payment in serial number order. However, because of the many ways we allow you to access your account, the posting order of individual items may differ from these general policies. Holds on funds (described below) and the order in which transactions are posted may impact the total amount of Overdraft Fees or Return Item Fees assessed.
- Although under payment system rules, PyraMax Bank may be obligated to pay some unauthorized debit card transactions, PyraMax Bank will not authorize debit card or ATM transactions unless there are available funds (including Overdraft Coverage Options) to cover the transactions and any fee(s).
- Giving us your consent to pay everyday debit card and ATM overdrafts on your consumer account (Extended Coverage) may result in you incurring Nonsufficient Funds Fees for transactions that we would otherwise be required to pay without assessing a Nonsufficient Funds Fee. However, this would allow us to authorize transactions up to the amount of your Overdraft Privilege limit and may also help you avoid overdrafts in excess of your available balance that could result in suspension of your debit card. If you consent to Extended Coverage on your consumer account, it will remain on your account until it is otherwise withdrawn.
- PyraMax Bank authorizes and pays transactions using the available balance in your account. PyraMax Bank may place a hold on deposited funds in accordance with our Deposit Account Agreement and Disclosure, which will reduce the amount in your available balance. The available balance for checks, ACH items, and recurring debit card transactions is comprised of the ledger balance, less any holds on deposited funds and any debit card holds, plus the amount of the Overdraft Privilege limit and any available overdraft protection. The available balance for ATM and everyday debit card transactions on accounts with Standard Coverage is the ledger balance, less any holds on deposited funds and any debit card holds, plus any available overdraft protection, but does NOT include the Overdraft Privilege Limit. For accounts with Extended Coverage, the Overdraft Privilege Limit is included in the available balance for authorizing ATM and everyday debit card transactions.
- Please be aware that the Overdraft Privilege amount is not included in your available balance provided through online banking, mobile banking or PyraMax Bank's ATMs.
- PyraMax Bank will place a hold on your account for any authorized debit card transaction until the transaction settles (usually within two business days) or as permitted by payment system rules. In some cases, the hold may exceed the amount of the transaction. When the hold ends, the funds will be added to the available balance in your account. If your account is overdrawn after the held funds are added to the available balance and the transaction is posted to the available balance, a Nonsufficient Funds Fee may be assessed.
- Except as described herein, PyraMax Bank will not pay items if the available balance in your account (including the Overdraft Privilege limit, if applicable) is not sufficient to cover the item(s) and the amount of any fee(s).
- PyraMax Bank may suspend your debit card if you incur overdrafts in excess of the available balance in your account, including any Overdraft Privilege limit (as described in this letter). Debit cards on your account will remain suspended until you make sufficient deposits so that your available balance, taking into account any Overdraft Privilege limit, is positive and then you contact us.

- PyraMax Bank may also suspend your debit card if your account is overdrawn more than thirty-two (32) consecutive calendar days. Debit cards on your account will remain suspended until you make sufficient deposits so that your account balance is positive.
- PyraMax Bank may also suspend your debit card if we are unable to contact you due to an incorrect mailing address or phone number(s). You must contact us with your correct mailing address and/or phone number(s) to have your debit card reinstated.
- PyraMax Bank will charge a fee of \$25 to reactivate your debit card if we suspend your debit card.
- If your debit card is suspended, you will be unable to use your debit card(s) for purchases or to access your account(s) associated with the debit card(s) at the ATM while your debit card is suspended. If you use your debit card for recurring payments, e.g., utilities, you are responsible to make other arrangements for your recurring debit payment(s).
- Overdraft Privilege limits of up to \$500 are available for eligible Consumer Checking accounts opened at least 30 days in good standing and may be increased to \$750 three years after account opening.
- Overdraft Privilege limits of up to \$1,000 are available for eligible Business Checking accounts opened at least 60 days in good standing.
- Overdraft Privilege is not a line of credit; it is a discretionary overdraft service that can be withdrawn at any time without prior notice.
- Overdraft Privilege may be reduced if you default on any loan or other obligation to us, your account becomes subject to any legal or administrative order or levy, or if you fail to maintain your account in good standing by not bringing your account to a positive balance within 32 days for a minimum of one business day to have the full Overdraft Privilege limit reinstated.
- Depositor and each Authorized Signatory will continue to be liable, jointly and severally, for all overdraft and fee amounts, as described in the Deposit Account Agreement and Disclosure. The total (negative) balance, including all fees and charges, is due and payable upon demand.
- Recipients of federal or state benefits payments who do not wish us to deduct the amount overdrawn and the Overdraft Fee from funds that you deposit or that are deposited into your account may call us at (414) 421-8200.
